CM 50-55-16

Dear Sir,

Subject Telephone connection to the municipal Sewage Farm in Mysore

----

The Municipal Sewage Farm is situated at the southern outskirts of Mysore City and at a distance of about three miles from the municipal offices This is a composite farm having a number of activities of the municipality There is a workshop for repair of municipal carts and other vehicles There is also a municipal cattleshed This is a big farm having 365 acres of land The net income from this farm is more than Rs 50,000/- per annum Further, there is a programme of bringing under cultivation nearly 90 acres of land under wet cultivation Therefore, the Council has been feeling that a telephone is very necessary for the effective administration of this farm The Council has been urging for the provision of a telephone since 1950 It is really unfortunate that the government has been rejecting this request almost arbitrarily I also discussed this matter with the Minister of Local Self-Government, and the resolution of the Municipal Council was sent to the Government for a second time during this year It has been again rejected I am very sorry to bring to your notice that even the City Municipal~~ity~~ Council of Mysore is not allowed the discretion of getting a telephone installed in a place where they are carrying on a number of activities of the municipality Therefore, I request you kindly call for the records and see whether the municipality is not justified in feeling aggrieved over this arbitrary rejection I shall be much obliged if you can kindly see that we are enabled to have a telephone for the sewage farm

Sri K Hanumanthaiya, B A, LL B,
Chief Minister to the Govt of
Mysore, Atarakacheri,
Bangalore -1

Immediate

Subject Telephone connection to the
Municipal Sewage Farm in Mysore

The City Municipal Council, Mysore, forwarded a proposal for installation of a telephone to the Sewage Farm and to incur recurring charges It was reported that the Farm is at a distance of one and a half miles from the Municipal Offices and that it has not been possible to contact the Manager and his staff when necessity arises

2 The proposal was considered and found to be a costly affair and that any urgent messages could be delivered within half an hour as the distance is short and there would not be any absolute necessity

3 The previous Secretary to Government, L S G and Planning Departments noted that there is no need for the telephone

4 The Minister for Public Health and Local Self-Government also agreed Orders were accordingly communicated - vide letter dated 16-9-1953 Flag 'P'

5 The Municipal Council again forwarded the proposal for reconsideration stating that there is an absolute necessity to provide phone to the Sewage Farm Flag 'N'

6 The previous Secretary to Government, L S G and Planning Departments again noted that there appears to be no need to modify the decision already taken The Minister for Public Health and Local Self-Government accepted to the above views Orders were communicated accordingly Flag 'B'

Flag 'W'

7 This was again sent to Government to sanction it for one year in the first instance, the annual rental value for this purpose being Rs 303/- (i e

Rs 25/- per mensem) Considering that this proposal would amount to extravagance having regard to the fact that the installation of a telephone was only with a view to contact the Manager only, which could be done by otherwise, the Minister ordered that there are no reasons to reconsider the orders already passed negativing the proposal

8 The Municipal Council again reiterated the proposal to reconsider the question As the question has been considered at length previously, the Minister for Public Health and Local Self-Government finally ordered that the Municipal Council may be told that their proposal is not acceptable to Government — Flag 'X'

9 This was communicated to the Municipal Commissioner Mysore City Municipality in this office letter No L 11877/CM 50-55-11 dated 22-12-1955 — Flag 'Y'

10 In view of the above orders negativing the proposal, the Municipal President has now requested the Chief Minister to call for the records and to pass orders in the matter and the Chief Minister has been pleased to order to put up records Hence this note with the files

Subject Telephone connection to the Municipal Sewage Farm in Mysore

The City Municipal Council, Mysore, forwarded a proposal for installation of a telephone to the Sewage Farm and to incur recurring charges It was reported that the Farm is at a distance of one and a half miles from the Municipal offices and that it has not been possible to contact the Manager and his staff when necessity arises

2 The proposal was considered and found to be a costly affair and that any urgent messages could be delivered with in half an hour as the distance is short and there would not be any absolute necessity

3 The ~~then~~ Previous Secretary to Government, L S G and Planning Departments noted that there is no need for the telephone

4 The Minister for Public Health and Local Self-Government also agreed ~~and~~ Orders were accordingly communicated - vide letter dated 16-9-1953

5 The Municipal Council again forwarded the proposal for reconsideration stating that there is an absolute necessity to provide phone to the Sewage Farm

6 The ~~then~~ Previous Secretary to Government, L S G and Planning Departments again noted that there appears to be no need to modify the decision already taken The Minister for Public Health and Local Self-Government accepted to the above views Orders were communicated accordingly

7 This was again sent to Government to sanction it for one year in the first instance ~~and~~ the annual rental value for this purpose being Rs 300/- (i e Rs 25/- per mensem) Considering that this proposal would amount to extravagance

having regard to the fact that the installation of a telephone was only with a view to contact the Manager only, which could be done by otherwise, the Minister ordered that there are no reasons to reconsider the orders already passed negativing the proposal

8) The Municipal Council again reiterated the proposal to reconsider the question As the question has been considered at length, previously, the Minister for Public Health and Local Self-Government finally ordered that the Municipal Council may be told that their proposal is not acceptable to Government

9) This was communicated to the Municipal Commissioner, Mysore City Municipality in this office letter No L 11877/CM 50-55-11 dated 22-12-1955 Flag

10) In view of the above orders negativing the proposal, the Municipal President has now requested the Chief Minister to call for the records and to pass orders in the matter and the Chief Minister has been pleased to order to put up records Hence this note with the files

11) The question of installing a telephone arises in such cases when it is absolutely necessary both from the point of view of urgency and public and municipal interest The proposal of the Municipal Council to instal a phone at the Ookad - Seringapatna, was favourably considered and sanctioned as it was felt that it was quite essential to check smuggling of octroiable goods and that would give a scope to detect cases in cases of emer. urgency in the interest of municipal finances by making immediate contact either with the Police and higher authorities

12) In the case of Sewage Farm, where the work is of a routine nature which could be managed liesurely and where exigencies of utmost importance and of urgent nature do not arise, the proposal & sanctioning the installation of a phone
